

Helping students develop the skills for success in their chosen profession

This collection of market-leading books covers the latest knowledge from the best minds in business, computing, personal development and design, so that your students can take their career to the next level.

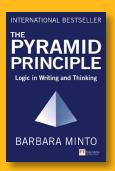

By providing these professional skills books for your students to read, learn and develop relevant skills, you'll be helping them get a head start.

The titles have all been selected for Middle East higher education institutions based on their readability, their practical approach, and the up-to-date, global topics they address.

All ISBNs provided in this catalog are for the print book. Where a title is indicated as 'eBook only', please speak to your local Pearson representative to obtain the eBook ISBN for your preferred platform.

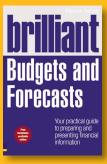

Contact your Pearson representative to find out more:

middleeast.pearson.com/Highered/about-us/contact-us.html

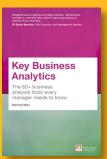

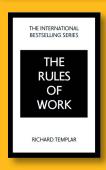

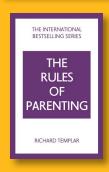

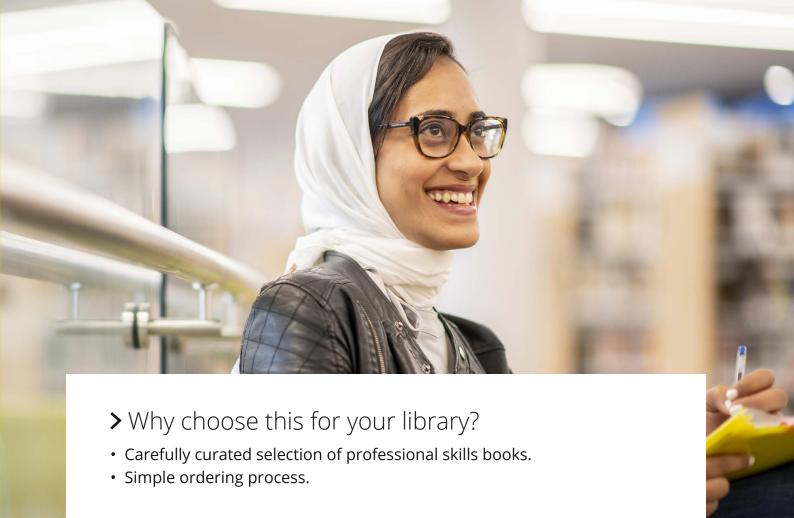

- > Why choose this for your students?
- Easy access to learning materials covering contemporary topics.
- Practical support to prepare them for their careers.
- From coding, and photography to real-world problem solving and project management, your students will have the edge by the time they graduate.
